**LA SERIE BOSTON**

refleja en cada una de sus piezas la combinación perfecta entre pasado y futuro. Un estilo marcadamente industrial y urbano se une a una apariencia artesanal extraída de la más pura tradición. El valor añadido de la serie se encuentra en el cuidado por los acabados. En la irregularidad de los bordes, el desgastado de la superficie, en su gran destonificado. Una serie de hoy para siempre.

BOSTON BRICK shows in each tile the perfect mix between past and future. A markedly urban and industrial style joins to the most artisanal look, coming directly from the purest tradition. The added value of this collection is the care we take for finish details. In the irregular shapes of the borders, the worn down effect, the great differences of shades... A collection today forever.
